BYD ATTO 1

BYD ATTO 1

Introducing the BYD ATTO 1 – the Compact EV for the New Era of Mobility

A nimble, all-electric city car combining BYD's e-Platform 3.0 with cutting-edge Blade battery technology designed for everyday accessibility.

Dimensions

Overall Length / Width / Height	3990 / 1720 / 1590 mm
Wheelbase	2500 mm
Minimum Turning Radius (M)	4.95
Minimum Boot Space (L)	308 L
Maximum Boot Space (L)	1037 L

Technical Specifications	Essential	Premium
Drivetrain	Front-Wheel Drive	
Motor Type	Permanent magnet synchronous motor	
Power / Torque	65 KW / 175 Nm	115 KW / 220 Nm
Battery Capacity (kWh)	30 kWh	43.2 kWh
Driving Range WLTP (km)	220 km	310 km
0–100 km/h	11.1 s	9.1 s
AC Charging Time 0-100%	3.5 hours	3.5 hours
DC Charging Time 10-80%	30 minutes	
Front Suspension	MacPherson Strut suspension	
Rear Suspension	Torsion Beam suspension	
Kerb Weight (kg)	1,294 kg	1,390 kg

Key Highlights

- High-tech, all-electric hatchback is purpose built for the big city
- Revolutionary Blade Battery with e-Platform 3.0 for efficiency and safety
- Up to 220 - 310 km WLTP driving range with rapid DC 10–80% charging in ~30 min
- 11kW AC charging for fast charging at home with compatible charger
- Compact exterior, spacious and tech-rich interior
- Over-The-Air (OTA) remote updates, Vehicle-To-Load (V2L) capability, and 4G Cloud Services.
